# **Engagement Timeline**

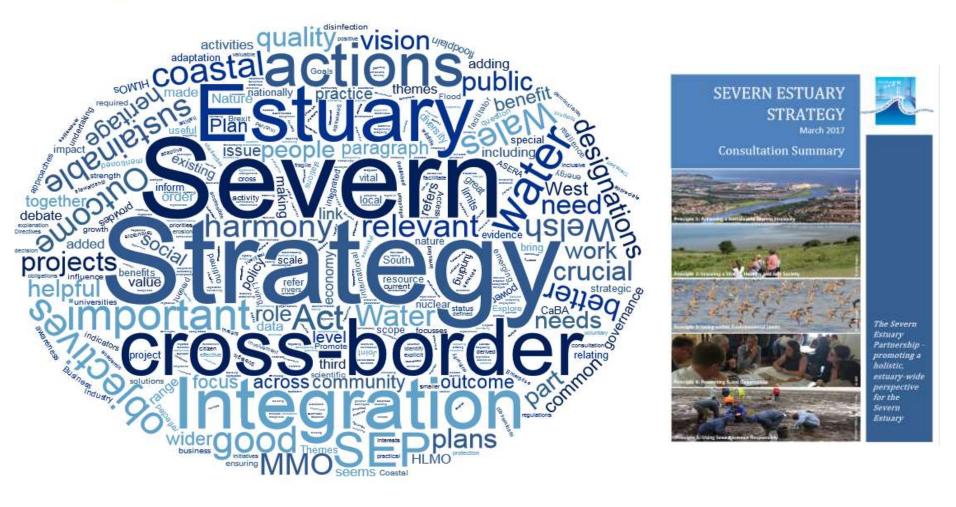

## **Strategy Consultation**

6 weeks - 22nd September until 3rd November 2016

## Flavour of Responses

- Strategy update both timely and appropriate
- provides a strong framework for ecosystem-based, integrated management of the estuary
- promoting integration across the two marine plan areas welcomed as a helpful and focussed mechanism to support engagement and collaboration.
- support of using the five High-Level Marine Objective (HLMO) approach were received, suggesting the Strategy will provide support for people alongside their statutory obligations under the Marine Policy Statement (MPS)
